SPECIAL 40th ANNUAL \$40,000 NO-LIMIT HOLD'EM

Thursday, May 28, 2009 – 12 noon PT – Event #2

Televised on *ESPN* July 28th from 8-10 PM ET

As the World Series of Poker celebrates its 40th annual event in 2009, a special \$40,000 buy-in No-Limit Hold'em tournament was added to the bracelet schedule to pay tribute to the 40 years of the WSOP.

Expected to draw the biggest names in poker today, the four-day, slow-structure, 120,000-starting-chips tournament will surely allow the skill of the players to be on display.

It promises to offer what may be the most-decorated final table ever assembled.

ESPN will be on hand to film the tournament, which will take place from May 28-31 in the Amazon Room at the Rio All-Suite Hotel and Casino, and plans to televise the action in a two-hour telecast on Tuesday, July 28.

The \$40,000 buy-in fee is the second-most expensive of the 57 events at the World Series of Poker, behind only the \$50,000 buy-in World Championship H.O.R.S.E. event, and is the richest entry fee for a No-Limit Hold'em poker event in North America.

WSOP CHAMPIONS INVITATIONAL

May 31-June 1 – Special Event

Televised on **ESPN August 4th from 8-10 PM ET**

As a special way to reflect on the history and the heritage of the game's greatest players a special invitation-only event to help commemorate the 40th Annual World Series of Poker will be offered in 2009.

The Rio All-Suites Hotel and Casino has invited prior WSOP Main Event winners to participate in a No-Limit Hold'em freeroll tournament.

The event will take place on Sunday, May 31, with the final table to be contested on Monday, June 1.

ESPN will televise this tournament as part of its 2009 World Series of Poker coverage on Tuesday, August 4 from 8-10 PM ET.

The winner of the Main Event has gone on to serve as the reigning world champion of poker in the year after their victory and carried himself as an ambassador of the sport of poker. The World Series of Poker has chosen to honor these past champions with a special event at this year's event.

Of the 39 previous winners of the WSOP Main Event, there are 34 people due to the fact four players have won a combined nine WSOP Main Event titles (Johnny Moss, Doyle Brunson, Stu Ungar, Johnny Chan).

Seven of these 34, Johnny Moss, Puggy Pearson, Stu Ungar, Hal Fowler, Jack Strauss, Jack Keller and Bill Smith have since passed.

The two or three table field will be playing for a special commemorative Champions Cup which will be called the "Binion Cup" along with a car. Jack Binion will be on hand to present the winner with the trophy. A bracelet is not at stake for this freeroll event.

The final table will feature the most illustrious names from the World Series of Poker battling it out below the giant banners of their faces that adorn the Amazon Room at the Rio Hotel during the World Series of Poker.

ANTE UP FOR AFRICA CELEBRITY-CHARITY POKER TOURNAMENT

Thursday, July 2, 2009 – 2:00 PM – \$5,000 No-Limit Hold'em

Televised on  August 11th from 8-10 PM ET

Professional poker player and devout philanthropist Annie Duke partnered with actor Don Cheadle and Harrah's Entertainment to establish the Ante Up For Africa celebrity and charity \$5,000 buy-in No Limit Hold'em poker tournament (www.anteupforafrica.org) in 2007.

Ante Up for Africa is a non-profit organization that raises funds for the survivors of the humanitarian crisis in Darfur, Sudan, and works to heighten the public's consciousness of the issue.

ESPN will televise the 2009 Ante Up For Africa Celebrity Charity Poker Tournament on August 11. The event is expected to draw some of the biggest names in Hollywood and the poker community.

The organization held its first annual poker tournament at the World Series of Poker in Las Vegas in 2007, raising more than \$700,000 for the cause, strictly coming from player donations.

In a remarkable showing, Brandon Moran and Dan Shak, the final two participants in the 2007 event, agreed to donate their entire winnings to Ante Up For Africa – a total of \$385,000. As a result, the two were declared co-winners of the inaugural event.

In 2008, the tournament raised nearly \$500,000, with the winner John Hennigan and runner-up Michael DeGusta each donating their entire cash prize for the cause. Notable money winners Ray Romano, Casey Affleck and poker pro Phil Hellmuth also contributed their entire winnings to Ante Up For Africa.

The 2009 tournament will take place on Thursday, July 2nd at 2:00 PM during the 40th Annual World Series of Poker (WSOP) and is expected to attract a star-studded celebrity field.

The 2009 WSOP will take place at the Rio All-Suite Hotel and Casino in Las Vegas, Nevada from May 26th - July 15th.

MAIN EVENT – FINAL TABLE – THE “NOVEMBER NINE”

NOVEMBER 7-10, 2009

Televised on  Tuesday, November 10th 8:00-11:00 PM ET

In 2008, the World Series of Poker announced a groundbreaking change to the conclusion of the world's most prestigious poker event – the \$10,000 buy-in No-Limit Hold'em World Championship, commonly referred to as the Main Event.

In 2009, the plan is to continue with the revised format of poker's most seminal competition, better aligning the tournament and the television experience. It is expected this structure will become a permanent addition to the World Series of Poker.

The Main Event in 2009 will be contested from July 3-15, and then play will stop until November 7, resuming on that date with the final nine players. Once two players remain on Saturday, November 7, play will stop again, resuming on Tuesday, November 10 in front of a live audience and on the same day ESPN televises the event to the country.

Each of the nine players who make it to the WSOP Main Event Final Table will receive ninth place prize money on July 16, when the finalists are determined. Harrah's will then provide each of those players with an all-expense paid trip for two for their return to Las Vegas in November to play the final portion of the tournament.

From July 15 to November 7, a span of 115 days, players will have an opportunity to line up sponsorships and coaches, review the play of all their competitors, participate in other tournaments, and take advantage of the new publicity and promotional opportunities available to them.

The change in how the Main Event final table is staged brings the excitement and drama of high-stakes WSOP tournament play closer to millions of fans around the globe.

The winner of the Main Event is expected to be crowned late in the day on November 10. ESPN will edit the two-day Final Table action and televise it in a special program from 9:00-11:00 PM ET on Tuesday, November 10, potentially within minutes of the winner being crowned. A one-hour preview show is scheduled for 8:00 PM ET.

\$50,000 WORLD CHAMPIONSHIP H.O.R.S.E.

Friday, June 26, 2009 – 12 p.m. PT – Event #49

The \$50,000 H.O.R.S.E. World Championship requires participants to play a rotation of five popular forms of poker – (H)old ‘em, (O)maha High-Low, (R)azz, Seven-Card (S)tud and Seven-Card Stud (E)ight or Better.

Poker greats consider the winner of the event the best all-around player because it demonstrates he or she can outplay the competition in a wide range of game variations with high stakes on the line.

The WSOP first added the \$50,000 event to its schedule in 2006 in response to player requests to participate in a high entry fee H.O.R.S.E. game to determine the professional poker player’s true champion.

The event was an instant success and is now a mainstay at the World Series of Poker.

A special commemorative “Chip Reese Trophy” is awarded and named in honor of the inaugural winner of this event, David “Chip” Reese who passed away in late 2007. The perpetual trophy was first added for the event’s champion in 2008, with the winner keeping the top part of the trophy for the year, while his name is engraved on the bottom half, etched forever in history.

The \$50,000 buy-in fee is the most expensive of the 57 events at the World Series of Poker and is the richest entry fee for a poker event in North America.

The history of this event at the World Series of Poker is as follows:

Year	Winner	Prize	# of Entrants	Total Prize Pool
2006	Chip Reese	\$1,716,000	143	\$6,864,000
2007	Freddy Deeb	\$2,276,832	148	\$7,104,000
2008	Scotty Nguyen	\$1,989,120	148	\$7,104,000

ABOUT THE WORLD SERIES OF POKER (WSOP)

The World Series of Poker (WSOP) is the longest-running, largest, richest and most prestigious gaming event in the world, featuring 57 poker events over 50 consecutive days with prize money awarded to the tune of \$180 million. In 2008, the WSOP attracted more than 58,000 participants from 124 countries around the globe to the Rio All-Suite Hotel and Casino in Las Vegas – all competing for the game’s most coveted prize...a WSOP bracelet.

Featuring a comprehensive slate of tournaments in every major poker variation, the WSOP is poker’s longest running set of tournaments, dating back to 1970. The World Series of Poker culminates with the \$10,000 No-Limit Hold’em World Championship, commonly referred to as the Main Event.

The winner of each event gets a World Series of Poker gold bracelet – globally recognized as the game’s highest honor – and a cash prize based on the number of entrants and the amount of the event buy-in.

Buy-ins for the different events range from \$1,000 to \$50,000 depending on the event and, unlike other sporting events, anyone 21 years of age or older can enter, and anyone can win. Winning a World Series of Poker tournament is a life-changing event, making instant stars and often instant millionaires out of those with a dream and the determination to outmaneuver and outlast the competition.

Harrah’s Entertainment acquired the WSOP in 2004, and participation in the event has increased by more than 300 percent since. The WSOP team has forged groundbreaking alliances in broadcasting, digital media and corporate sponsorship and successfully extended the brand internationally, with the advent of the World Series of Poker Europe in London in 2007.

ESPN is the exclusive U.S. telecast partner of the WSOP. WSOP programming airs in 25 countries on five continents and is available to 300 million households. Jeffrey Pollack, a former NASCAR and NBA executive, is the Commissioner of the WSOP and through his leadership the prize pool for the past three years (\$500 million) is greater than the total prize pool of the first 36 WSOP tournaments combined (\$367 million).

For seven consecutive years, the champion of the \$10,000 No-Limit Hold'em World Championship Main Event has been won by an amateur (a poker player who at the time of their win had supported themselves in a vocation other than poker) – the longest such streak in the 39-year history of the WSOP.

Here's a look at the amateurs who have won the Main Event and their occupations at the time of their historic victory.

BRIEF HISTORY OF THE WORLD SERIES OF POKER

Though the World Series of Poker made its official debut in 1970, the idea of the Horseshoe Casino's annual tournament was actually conceived more than two decades earlier.

In the summer of 1949, as the story goes, inveterate gambler Nicholas “Nick the Greek” Dandolos approached Benny Binion with an unusual request – to challenge the best in a high-stakes poker marathon. Binion agreed to set up a match between Dandolos and the legendary Johnny Moss, with the stipulation the game be viewed in public.

During the course of the marathon, which lasted five months with breaks only for sleep, the two men played every form of poker imaginable. Moss ultimately won “the biggest game in town” and an estimated \$2 million. When the Greek lost his last pot, he arose from his chair, bowed slightly, and uttered the now-famous words, “Mr. Moss, I have to let you go.” Dandolos then went upstairs to bed.

Though significant in its own way as a chapter in poker history, the five-month marathon took on added importance to Benny Binion. He noted that the public had gathered outside the casino each day to watch the game with the fervor of dedicated sports fans, and he was amazed at the attention the event had attracted. But it wasn't until 1970 that Binion decided to re-create this excitement and stage a battle of poker giants – dubbed the “World Series Of Poker” – to determine who would be worthy of the title “World Champion.” Some of the best players in the country were assembled, and Johnny Moss came out on top. The decision was democratic in that the champion was decided by popular vote.

The following year, the winner was determined by a freeze-out competition, with players being systematically eliminated until one player had all the chips. Moss again became the World Champion. In 1972, when Thomas “Amarillo Slim” Preston won the title and went on the talk-show circuit, the WSOP began to gain a wider following.

It was a year later that Binion participated in the Oral History Project at the University of Nevada-Reno and discussed the World Series of Poker (WSOP) with interviewer Mary Ellen Glass. “This poker game here gets us a lot of attention,” he told Glass. “We had seven players last year, and this year we had 13. I look to have better than 20 next year. It's even liable to get up to be 50, might get up to be more than that.” Binion then paused, and as if gazing into the future, prophesied, “It will eventually.”

In the early 1980s, with the introduction of preliminary satellite competitions with lower buy-ins, Binion's prophecy came to fruition and the popularity of the World Series of Poker soared. (A satellite is a tournament whose prize is an entry into another tournament).

But even Benny Binion, who passed away on Christmas Day of 1989, would have had difficulty foreseeing the enormous growth the Horseshoe's annual tournament has experienced since.

In 1982, nine years after Mr. Binion participated in UNR's Oral History Project, the tournament drew a total of 1,253 entrants across all its events. A decade later, there were 7,593 entries and 2008's WSOP attracted 58,720 entrants. The prize money has increased exponentially as well. In 1982, a total of \$2,607,700 was awarded, while in 2008 a staggering \$180,676,248 was won. Whereas only 12 events, mostly Texas Hold'em and Seven-Card Stud, were scheduled as recently as 1988, the 2009 tournament offers 57 competitions that feature a wide variety of games.

Today, the legacy Benny Binion left the poker community ranks as the oldest, largest, most prestigious, and most media-hyped gaming competition in the world, and no doubt it holds the promise of an even brighter future. But equally important, the World Series of Poker has touched thousands of lives over the years, affording talented players the opportunity to follow their dreams, reach for the stars, and perhaps one day achieve greatness in their chosen endeavor.

World Series of Poker Player Advisory Council (PAC) Information Sheet

What is the Player Advisory Council?

It is a council made up of passionate and experienced poker players who share Harrah's vision to constantly improve the World Series of Poker.

When was the PAC formed?

World Series of Poker Commissioner Jeffrey Pollack created the PAC in 2006 shortly after joining Harrah's in order to incorporate the voice of the player in decision-making.

What is the role of the PAC?

PAC members provide the players' points of view and input in decisions being made. They share insights and opinions related to structures, schedules and operations of the World Series of Poker.

What kind of decisions are PAC members involved in?

It is fair to say the PAC has influenced, for the better, every major decision about the WSOP schedule and structures over the last three years. The PAC does not have decision-making authority, but Harrah's carefully weighs all issues and gives consideration to the collective thoughts of the players.

How do you become a member of PAC?

It is an invitation-only opportunity presented by Commissioner Pollack, who seeks to have an intellectually diverse group of players who can provide fresh insights and opinions to benefit the interests of the sport of poker globally.

Are members compensated?

No, it is a voluntary position requiring conference calls, data sharing and meetings.

Are members committed to serve for a certain amount of time?

No. The PAC does change and the Commissioner is always open to hearing from any poker players about ways of improving the WSOP, whether they are PAC members or not. Those interested in becoming PAC members should simply express their interest and, when there are openings, they will be considered.

The following poker players currently serve as Committee members:

POKER HALL OF FAME

The Poker Hall of Fame, established in 1979, was acquired by Harrah's Entertainment along with the World Series of Poker in 2004. Though the Hall of Fame is virtual in nature, its membership includes poker's most influential players and other important contributors to the game.

There are 16 living members, and 37 members have been bestowed the honor of Poker Hall of Famer.

The Poker Hall of Fame traditionally elects one or two members annually. The enshrinement ceremony is now held in concert with the final table of the Main Event of the WSOP, held each November in Las Vegas.

The main criteria for the Poker Hall of Fame are as follows:

- A player must have played poker against acknowledged top competition
- Played for high stakes
- Played consistently well, gaining the respect of peers
- Stood the test of time
- Or, for non-players, contributed to the overall growth and success of the game of poker, with indelible positive and lasting results.

The list of the 37 Poker Hall of Fame members is as follows:

POKER HALL OF FAME VOTING GUIDELINES

In 2009, the Poker Hall of Fame marks its 30th Anniversary.

Last year, in the first step of Harrah's plan to elevate the Poker Hall of Fame, the enshrinement ceremony was moved to poker's biggest night— as part of the Main Event of the World Series of Poker in November.

This year, the nomination, selection and voting process will be revamped as well, culminating in the enshrinement of a worthy inductee(s), again in November as part of the Main Event Final Table.

The new process will work as follows:

- From May 26 through July 2, 2009 the public will be able to cast their nominations via online submission at www.worldseriesofpoker.com. Each submission will allow for a nominee name as well as up to 250 words supporting that nominee's worthiness.
- During the Main Event of the WSOP, Harrah's will announce the Top Ten list of nominees by the public. These ten names instantly become the players *among* consideration for induction in 2009.
- In August, the Hall of Fame committee will then spend the month reviewing the public's nominations and determine if any others should be added (such as non-poker players who have contributed greatly to the game, any glaring omissions, etc.) and determine the final list of nominees.
- In September, a finalist ballot will be sent to the current Hall of Famers (16 living) who will each rank the nominees in order of preference – yet only ranking those they deem worthy of admission in 2009. Each Hall of Famer will also have the ability to add a write-in candidate, whom won't be eligible for admission in 2009, but will automatically be added to the consideration list for 2010. In addition, a select group of media members (not to exceed the number of HOF voting members) will also be sent a ballot for ranking the finalists. All votes will be cast in private, with each HOF and media member entitled to keep their vote secret but not obligated to. After receiving back all ballots, the HOF committee reviews the selections and helps finalize any tiebreakers or errors.
- Any finalist receiving 75% or more of the votes will be inducted during the enshrinement ceremony at the Final Table of Main Event on November 7, 2009.

The main criteria for the Poker Hall of Fame are as follows:

- A player must have played poker against acknowledged top competition
- Played for high stakes
- Played consistently well, gaining the respect of peers
- Stood the test of time
- Or, for non-players, contributed to the overall growth and success of the game of poker, with indelible positive and lasting results.

JEFFREY N. POLLACK

Commissioner – World Series of Poker®

Jeffrey Pollack is Commissioner of the World Series of Poker (WSOP).

Much more than a poker tournament, the WSOP is the world's richest sporting event, the most powerful brand in the poker industry, the third most watched sport on cable television, and the 7th most admired sports brand in North America. Since its founding in 1970, the WSOP has awarded nearly \$1 billion in prize money.

Televised in the United States on ESPN and in 25 countries on five continents, the WSOP is truly an annual "Woodstock" for poker players – a 50-day extravaganza that is one of the most celebrated events in Las Vegas. In 2008, the WSOP shattered records by attracting more than 58,000 participants from 124 countries and awarding nearly \$181 million in prize money.

Under Jeffrey's leadership since 2005, the WSOP team has achieved record-breaking increases in tournament participation every year; awarded the biggest prize pools in gaming history; increased the brand's reach and popularity by securing broadcast and digital media alliances with ESPN, SKY TV, AOL, USA Today, Verizon Mobile, Activision and GLU Mobile; and, sold the WSOP's first-ever corporate sponsorships to leading consumer product companies such as Miller Brewing, Kraft Foods, Hertz, Hershey, and CORUM, as well as top gaming brands such as Betfair, Everest Poker, and the U.S. Playing Card Company.

In addition, the WSOP team has successfully expanded the brand's portfolio to include the World Series of Poker Europe, now in its third year and recognized as the most prestigious poker tournament held outside of the United States; revolutionized the poker industry with a new Final Table television format for the WSOP Main Event that resulted in a doubling of year-over-year ratings for ESPN; and, established the WSOP as a highly-respected global sports brand – ranked just behind the NFL, Major League Baseball, the NBA, the NHL, NASCAR and the PGA Tour.

As a result of these achievements and his team's outstanding performance, Jeffrey received the *Chairman's Excellence in Leadership Award*, which is presented to a select group of Harrah's executives who achieve outstanding business results through innovation.

Jeffrey's reputation as an innovator is well-established. In 1994, he shrugged off research results, conventional wisdom and predictions of failure when he created and launched *The Sports Business Daily* – the first daily trade publication for the sports industry and one of the first purely digital trade publications for any industry. Under Jeffrey's leadership as the founding President and Publisher,

The Daily quickly became a must-read for decision-makers in sports, entertainment and television, and helped launch a new industry for sports business information. In 2009, *The Sports Business Daily* will celebrate its 15th consecutive year of publication.

Prior to joining Harrah's Entertainment and the WSOP, Jeffrey was Managing Director of Broadcasting and New Media for NASCAR Digital Entertainment. He led NASCAR's use of digital media and new technologies to increase fan accessibility and loyalty, and directed all business development related to the Internet, interactive television, VOD, digital cinema, satellite radio, mobile communications, and other digital platforms. His work at NASCAR earned him two Emmy® Awards as Executive Producer of NASCAR IN CAR – a ground-breaking, multi-channel interactive television show that he created with iN Demand, FOX Sports, NBC Sports, Turner Sports and Sportvision.

Before joining NASCAR, Jeffrey served as Vice President of New Media Publishing for Broadband Sports; Vice President of Marketing and Corporate Communications for the National Basketball Association; and, as the NBA's Strategic Communications Consultant during collective bargaining in 1998 and 1999. He started his career in political campaign management and crisis communications, serving as Vice President of Winner + Associates, a leading public affairs and communications firm.

Jeffrey has a master's degree in sports management from the University of Massachusetts at Amherst; a master's degree from The Graduate School of Political Management; and a bachelor's degree from the Medill School of Journalism at Northwestern University. In 2008 he completed the Advanced Management Program at Harvard Business School.

Pollack serves on the Board of Directors of the Hollywood Entertainment Museum; the Board of Advisors of the Los Angeles Sports and Entertainment Commission; and the Advisory Board for Columbia University's Graduate Program in Sports Management. He is a member of the Academy of Television Arts and Sciences.
